Albert Skinner  
Who is Whitten (p. 6)

Army: McNamara + Budwalls - maybe disposed of bombs

Mrs Tiddings (p. 11)

Skinner's contractor: H.C. Nutting Company did some sampling in 1976 or 1977 or 1978

- p. 18 rubber liner under pond
- p. 19 natural clay liner
- p. 20-21 may have used fires to dispose of trash
- p. 22 may have accepted waste from when building Ford plant - it was QE at the time. -
- p. 23 paint wash

John Skinner

6-7 fire Easter 1976 tires, wood, trash

→ 8-9 barrels of pigment such as paint near pond the last few years for dump. Sludge. Stuff/chemicals from Army depot

→ 10 maybe waste from County - Mayor in Reading & Charlie Gertz. Liquids in barrels + tanks

10 explosives from government (presumably in ponds)

10-11 Chem-Dyne trucks on property - says he placed barrels on his property but disposed elsewhere washed barrels

12 some barrels had acid. sounds like he wasted barrels w/water + ended up w/12-15 barrels of stuff

13-14 waste collects brought paint wastes, sludges, pigments  
in which were disposed of in pond.

p. 20 took barrels from ChemDyne & used them to store  
oil & grease

→ p. 25. May 1976 Butler County Sheriff v EPA did inspection

p. 26 Army: flame blowers, phosphorus & gasses  
County stuff

p. 32 the last 3 months of landfill being run, put  
creosote - several thousand gallons in pond.

p. 34 Bruce Winton - wkd for ChemDyne
